Accommodation Information

Please note that the chosen hotel does not provide breakfast, although each room is equipped with a Nespresso coffee machine and other free products in the minbar.

Additionally, we will be given a discount voucher at check-in to use in the pastry shop next to the hotel. The pastry shop is one of the oldest in Venice, having stayed at the accommodation before and experienced their wares first-hand, you will not be disappointed.

City tax is payable in Venice for tourists, which is not covered in the accommodation cost and will be payable by each participant upon checkout, which is 14 euros per participant.
